

Environmental Policy

CQ Hotels Wellington is committed to minimising its impact on the environment through;

- Waste and emission / pollution reduction,
- Energy efficiency,
- Promoting sustainable practices both internally and amongst clients, suppliers and guests, and by,
- Meeting or exceeding all environmental legislation that relates to our operations.

CQ Hotels Wellington will continually evaluate its current operations and requirements, strive to improve its environmental performance, and implement sustainable business practices in order to continuously improve its current practices to ensure our environmental impacts are minimised.

A detailed plan for 2019 and summary of achievements can be found in our Environmental Statement.
